

UGANDA
COMMUNICATION
COMMISSION

CALL FOR APPLICATIONS FOR A COLLABORATIVE RESEARCH PARTNER TO UNDERTAKE A STUDY ON THE EVALUATION OF CARBON AND ENERGY FOOTPRINT IN THE TELECOMMUNICATIONS SECTOR IN UGANDA

The Uganda Communications Commission, the regulator of the communications sector in Uganda, plays a pivotal role in the dynamic intersection of technology, environmental sustainability, and economic development. The Commission aims to effectively regulate and foster growth within the telecommunications sector to achieve sustainable development.

The Commission is seeking to collaborate with Academia to conduct an in-depth assessment and evaluation of the carbon and energy footprint of the telecommunications sector.

We are inviting applications from experienced professionals for this study. Applicants must include both technical and financial proposals in their submissions.

Applications should be submitted in soft copy to the email: **research@ucc.co.ug** by **27th May 2024** in conformity with the terms of reference (see link below for TORs).
