

Uganda Spectrum Allocation Chart

UGANDA COMMUNICATIONS COMMISSION

This graphical chart represents the allocation of the Radio Frequency Spectrum to Radiocommunication Services as detailed in the Uganda Table of Frequency Allocation 2024.

For detailed information on these allocations and their corresponding regulatory provisions, refer to the published version of the Uganda Table of Frequency Allocation accessible via: <https://ucc.co.ug>

The Legend below identifies these allocations by color, noting:

- Primary services are indicated in "capitals" (example: FIXED).
- Secondary services appear in "normal characters" (example: Mobile).
- Adjacent similar allocations have been merged.
- The grey areas without labels in this chart do not represent a service allocation.
